MEMORANDUM FOR THE ASSISTANT DIRECTOR FOR COMMUNICATIONS

(ATTENTION: Commander [REDACTED] 25X1A9a

SUBJECT: Progress Report on Project [REDACTED] 25X1A2d2

1. The National Security Council Secretariat has requested that progress reports be prepared for presentation to the President-elect on all currently valid NSC policies. The exact scope of these reports has not been determined, nor has the precise date of submission. However, it is possible that the reports will be required by 5 November.

2. Mr. Becker (acting for Mr. Dulles in NSC matters) has asked me to obtain such a report on the status of project [REDACTED], on 25X1A2d2 which this Agency has the primary responsibility pursuant to NSC 66/1.

3. In the case of this project, the status of which you described to me orally about two weeks ago, it would appear that a report of approximately two single-spaced pages would meet the requirement. I will inform you at once when a decision is reached as to the precise scope and due date.
